TO WHOM IT MAY CONCERN

This serves as testimony that L&T Private Tutoring is offering extra lessons in Bahananwa Circuit of Blouberg Municipality during the week, Saturdays and School Holidays.

When De Beers introduced the learner enrichment programme through L&T Private Tutoring in our schools in Bahananwa circuit their intentions were clear. They came at the time when the circuit has been struggling to improve learner performance in grade 12. The intervention brought by L&T Private Tutoring from grade 10 to 12 came in handy to address the content gap experienced by learners. Learner performance is gradually improving.

L&T Private Tutoring is offering extra lessons in Accounting, Mathematics and Physical Sciences, the subjects which are contributing to underperformance of the Circuit. We appreciate this initiative and we believe we will also be counted among the best performing Circuits when both the MEC and Minister announce the 2021 results.

I therefore in my capacity as the Circuit Manager recommend this service provider to any organisation that is looking for support to improve learner performance.

Yours truly

.....
