L&T Private Tutoring

PROVISION OF LEARNER TABLETS TESTIMONIAL

The work done by L&T Private Tutoring in the provision of tablets to learners at **Vhuronga 1 Circuit (Vhembe District)** is highly appreciated due to the value that has added to the academics of the learners during the COVID-19 pandemic. The organisation showed great level of professionalism in its conduct and delivered the tablets with ease and on time.

The tablets were loaded with quality study material that assisted learners to study remotely as school where still closed. The company managed to get the products of good quality and negotiated lower price for those products.

I give my highest appreciation for the work that L&T Private Tutoring did and huge thank you to everybody involved in the programme.

Regards

Azwidalingani Portia Rambuda
