To whom it may concern

Over the past years, schools in many parts of South Africa have been facing a significant challenge particularly in the subjects considered to be challenging such as accounting, mathematics and physical sciences. Musina secondary was never immune to the aforementioned challenges. In 2021, we were approached by the management of **L&T Edu-Solutions** where they informed our School Management Team that they intended to supply our school with tutors who will be assisting our learners after school hours with the subjects mentioned above.

Since the inception of these classes, we have noticed a tremendous and drastic change in the overall performance of our school in almost all grades. The 2023 National senior certificate can be used as evidence for positive outcomes of this program as both mathematics and physical sciences managed to obtain percentage pass more than 80%. It can be explicitly indicated that in the absence of these classes, this milestone would have been impractical to achieve.

In 2021, prior to the introduction of these classes, we took a decision as the School Management Team to phase out commercial subjects because learners were not passing Accounting. The decision was later reversed after realizing that accounting grade 12 performance had skyrocketed to 81% in the very same year. This was as a result of the dedication and patience of both our teachers and L&T tutors. During the current year, accounting has managed to obtain 100% for all three terms of 2024 academic year, with an average of 60% and a number of distinctions.

Although the focus of **L&T Edu-Solutions** is solely to assist our learners to excel in their examinations, they also unknowingly help solve and reduce the number of teenage pregnancy and substance abuse. We are grateful and we will forever be indebted to **L&T Edu-Solutions** for the outstanding and extraordinary assistance we receive from this engagement.

I express my earnest hope for the success of the organization in their future projects.

Thank you for your continued support.

Yours faithfully

Legavha A (Principal)
