MATHS AND SCIENCE ENRICHMENT PROGRAMME TESTIMONIAL

As the school management we hereby acknowledge the work that L&T Private Tutoring did in the provision of extra classes to learners at **Charora Secondary School**. The organisation was always professional at their work since the inception of the program which resulted in learners learning a lot as far as the two gateway subjects (Mathematics and Physical Sciences) are concerned.

The program inspired learners to work harder and showed great confidence in their work. The implementation of the program was done during the second semester of the 2019 academic year.

Although the programme ran for a short period of time, the impact on learners was truly of notice. I give my highest appreciation for the programme and huge thank you to everybody involved in the programme.

Regards

Mabel Mutle

Principal
